

FOR QUEEN AND GREEN COUNTRY!!!

With the Queen's birthday coming soon, make time on your holiday weekend to enjoy the most of the winter sun, and maybe even do something to help make Tasmania, Australia and the planet a better place.

It doesn't take much to make a difference: replace your light bulbs with compact fluoros; switch your t.v. off instead of leaving it on standby; walk or ride a bike to your next destination if the weather's fine (a great way to enjoy some fresh air and get some exercise too!); and insulate your roof before winter sets in.
